

## PREFACE

This supplement to the King County Code provides codification of all ordinances adopted through Ordinance 17008 passed on December 13, 2010.

Original codification of the King County Code in 1972 and subsequent supplements were compiled, edited and indexed by Book Publishing Company under direction of the King County Council. In 1981, the King County Council began the codification of the Code, including preparation of an index and ordinance and resolution lists, which contain the ordinance or resolution number and its location, if codified, in the Code. In 1999, a section indicating the disposition, such as repeal, decodification or recodification, of former Code sections was added.

The Code is organized by subject matter under an expandable three-factor decimal numbering system. Each section number designates, in sequence, the numbers of the title, chapter and section. For example, K.C.C. 11.04.030 is section .030 located in chapter 4 of title 11. Some vacant numbers have not been used in order to accommodate later additions to the Code.

Each section of the Code is followed in parentheses by a legislative history identifying ordinance and resolution sources for the section.

This supplement to the King County Code has been produced through the efforts of Angel Allende, Linda Blossey, Janet Masuo and Melani Pedroza.

This version of the King County Code is certified to comply with the current requirements of the King County Council.
